

I have **already attended** language courses at the ZFA.

You do not need to take the placement test if you have **successfully completed** a ZFA language course in the corresponding language **within the last TWO SEMESTERS** by passing an exam. Register directly for a follow-up course corresponding to your level of competence.

If you took the exam but **did not pass it**, please read here: [\*I have not passed the exam of a previous course.\*](#)

If you only have a **certificate of attendance** and **did not take the exam**, we would like to ask you to take the placement test.

There are different regulations for our **English courses**. Please see [\*I would like to attend an English course.\*](#)
