

## Online Course “English Communication through Transnational Online Projects”: develop your communication skills, entrepreneurial mindset and more

### ▪ IF YOU WOULD LIKE TO:

- ...practise communication skills in English in multinational and multilingual teams formed by students from UNIC member universities,
- ...improve your teamwork skills collaborating in a transnational project,
- ...develop your entrepreneurial mindset, that is awareness of opportunities, focusing on problems, designing solutions, describing and presenting products,
- ...increase your competence in using digital technologies for online collaboration,

then join the online course offered by the University Language Centre in WiSe 2025/26 in cooperation with the University of Oulu!

### ▪ COURSE AIMS AND CONTENTS:

The aim of the course is to enhance and activate students' skills in all modes of communication, that is, reception, production, interaction and mediation. In addition to oral discussion and presentation activities, students write short texts, such as meeting minutes and presentation slides. The assessment involves among others preparing and delivering a video pitch in English according to the given instructions.

Further details can be found in the online course catalogue (*Vorlesungsverzeichnis*) under the course number [LV-Nr. 251065](#).

### ▪ COURSE MODE AND RECOGNITION:

The course is offered exclusively online and consists of independent study activities and a self-directed collaborative project carried out in teams. A kick-off meeting for all multinational teams is in 42<sup>nd</sup> calendar week in the afternoon (time and Zoom link tbc). Upon successful completion you will obtain 3CP or 5 CP and a certificate of participation. If completed with 5 CPs and a grade, the course is recognised in *Optionalbereich* (tbc).

### ▪ TARGET AUDIENCE:
